

LPD-Online 2021.2

„Linux & Open Source hands on“ is the theme of the Linux Presentation Day.

Individual local Linux User Groups bring this event to life. It is directed to beginners, new users and people considering to switch to Linux.

You as hosting Linux User Group, school, university, company etc. are the driving force of this event.

We offer you the platform for your online LPD, to reach interested folks - be it with a Video, a live video session, a Q&A session or a user group introduction video chat.

The local events are collected here. We support you with material you may use for advertising.

Der Termin

November, 13th + 20th 2021

November, 13th is meant to be a pure online event.

November, 20th is always communicated as well for an optional additional local event - if possible and manageable.

Videos are supposed to be available starting **october, 15th 2021**.

The Call4Papers is running. [Sign up timely as poromoter.](#)

→ [Check out the schedule](#)

Organize an event

We offer you to make your videos available, so people can watch it before the LPD date.

You may offer Q&A session to your videos - online or offline is up to you.

We offer video conference rooms where you can interact with visitors.

This is how you do it:

1. [Sign up to the LPD "public" mailinglist](#)

2. [Add your LUG to linux-events.org](#)
3. [Add your LPD to linux-events.org](#)
4. [Read through the tips how to organize an LPD event](#)
5. [Advertise for your LPD in your region \(and in general\)](#)
6. [Register for a video Q&A-, Theme- or casual chat video conference room.](#)
7. [Upload your video timely](#)
8. Be present at the L-P-D to welcome your visitors

Advertise for the L-P-D

If you participate actively or not, **advertise the event** so many visitors will come.

Share the [L-P-D video](#) with friends on social media.
